

Myofunctional Orthodontic Consent

4 appliances are included in the total cost of Phase 1 orthodontics. Lost or damaged appliances will need to be immediately replaced. If all 4 appliances are exhausted, a charge of \$250 per additional appliance will be charged.

- Please notify us at least 24 hours prior to your booked appointment to cancel or reschedule.
- If appointments are not kept, appliances not worn, or Myobrace Activities not performed as directed, treatment time may increase, and treatment outcomes may be compromised.
- Will your child commit to wearing Myobrace as directed? _____
- Treatment will be stopped or suspended if the child is not using their Myobrace appliance daily as required. This can be decided upon by the parent/guardian or the practicing clinician.
- If treatment is suspended at any time and resumed in a different age group, a new treatment plan and fee schedule will be provided.
- A check-up prior to commencement of treatment, together with subsequent six-monthly check-ups, are highly recommended.
- If phase 2 is required, then new patient records will be needed, and a new treatment plan and fees presented.
- This treatment plan expires in six months if treatment is not commenced from the date of issue.
- Should treatment be commenced after its expiration, the treatment plan may be revised, and new patient records may be required.

I have read the above information and understand and agree to all terms and conditions of my child's treatment and accept the treatment plan presented. This includes dental hygiene, patient compliance and treatment fees.
